Celebrating Project Result 1
In-Service Training Programme and Toolkit for Validation of Skills

We are thrilled to share exciting news about a major milestone in our project journey: the completion of Project Result 1 – the In-Service Training Programme and Toolkit for Validation of Skills. This achievement represents a significant step forward in our mission to revolutionize vocational education and training (VET) across Europe.

WHAT IS PROJECT RESULT 1?

Project Result 1 is a comprehensive in-service training programme designed to empower VET tutors and trainers with the digital pedagogic skills needed to excel in online learning environments. Developed in collaboration with leading educational experts, this programme equips educators with innovative teaching methodologies and tools to enhance the learning experience for learners.

IMPACT AND BENEFITS:

The completion of Project Result 1 marks a significant milestone in our efforts to modernize VET and adapt to the changing needs of learners and employers. By equipping VET tutors with the skills and knowledge needed to thrive in digital environments, we are empowering them to deliver high-quality education and training that meets the demands of today's workforce.

KEY HIGHLIGHTS OF THE PROJECT RESULT 1

- **Digital Pedagogic Skills:** The training programme focuses on building the digital pedagogic skills of VET tutors, enabling them to effectively navigate online learning environments and leverage digital tools for enhanced teaching and learning outcomes.

- **Constructivist Approaches:** Embracing constructivist approaches to teaching, the programme encourages educators to foster interactive and collaborative learning experiences that promote critical thinking, problem-solving, and creativity among learners.

- **Transversal Skills Validation:** A key component of the programme is the validation of transversal skills within the workplace and labour market. Educators are equipped with the tools and techniques to identify, recognise, and communicate essential skills such as teamwork, communication, and innovation.
