

INTERFACE

Using agile, interactive learning environments to promote work-based learning in cVET
Project Number: 2021-1-DE02-KA220-VET-000034783

The Project INTERFACE

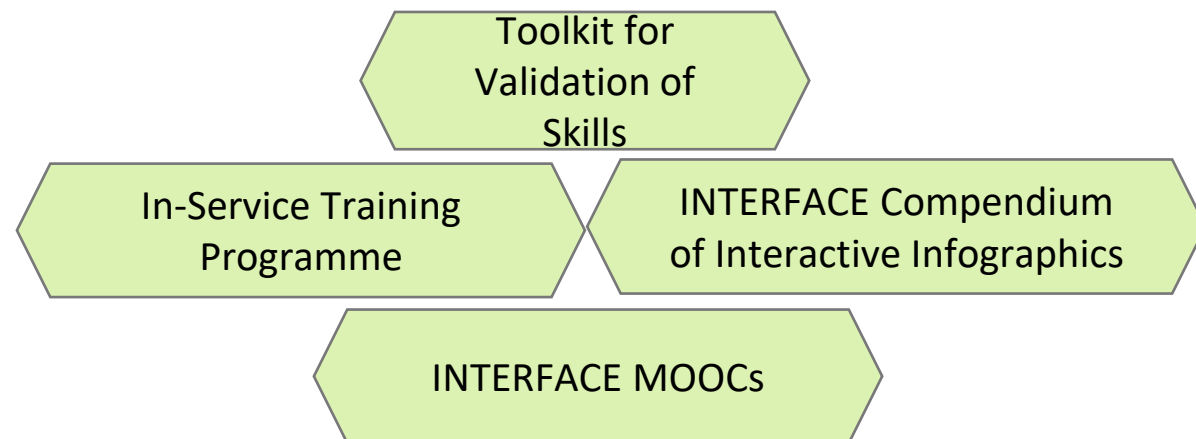

The ERASMUS+ project INTERFACE aims to

1. Promote **the acquisition of key transversal skills** through the use of **alternative pedagogical resources** in **work-based learning settings**
1. Support **VET professionals** from within education and work to **develop their own digital and pedagogic skills** to create **challenge-based learning resources** in an interdisciplinary way
1. Develop an **accreditation model** for the validation and recognition of transversal skills through the use of **micro credentials and digital badges**
1. Create a **system for the communication of transversal skills** through a peer-led Community of Practice
