INTERFACE

The project INTERFACE

The ERASMUS+ project INTERFACE is a strategic partnership in the field of vocational education funded by the European Commission. The INTERFACE project partners will jointly create a compendium of interactive learning resources for the development of key transversal skills of support low-skilled workers and trainees to retain and sustain employment in the months and years ahead.

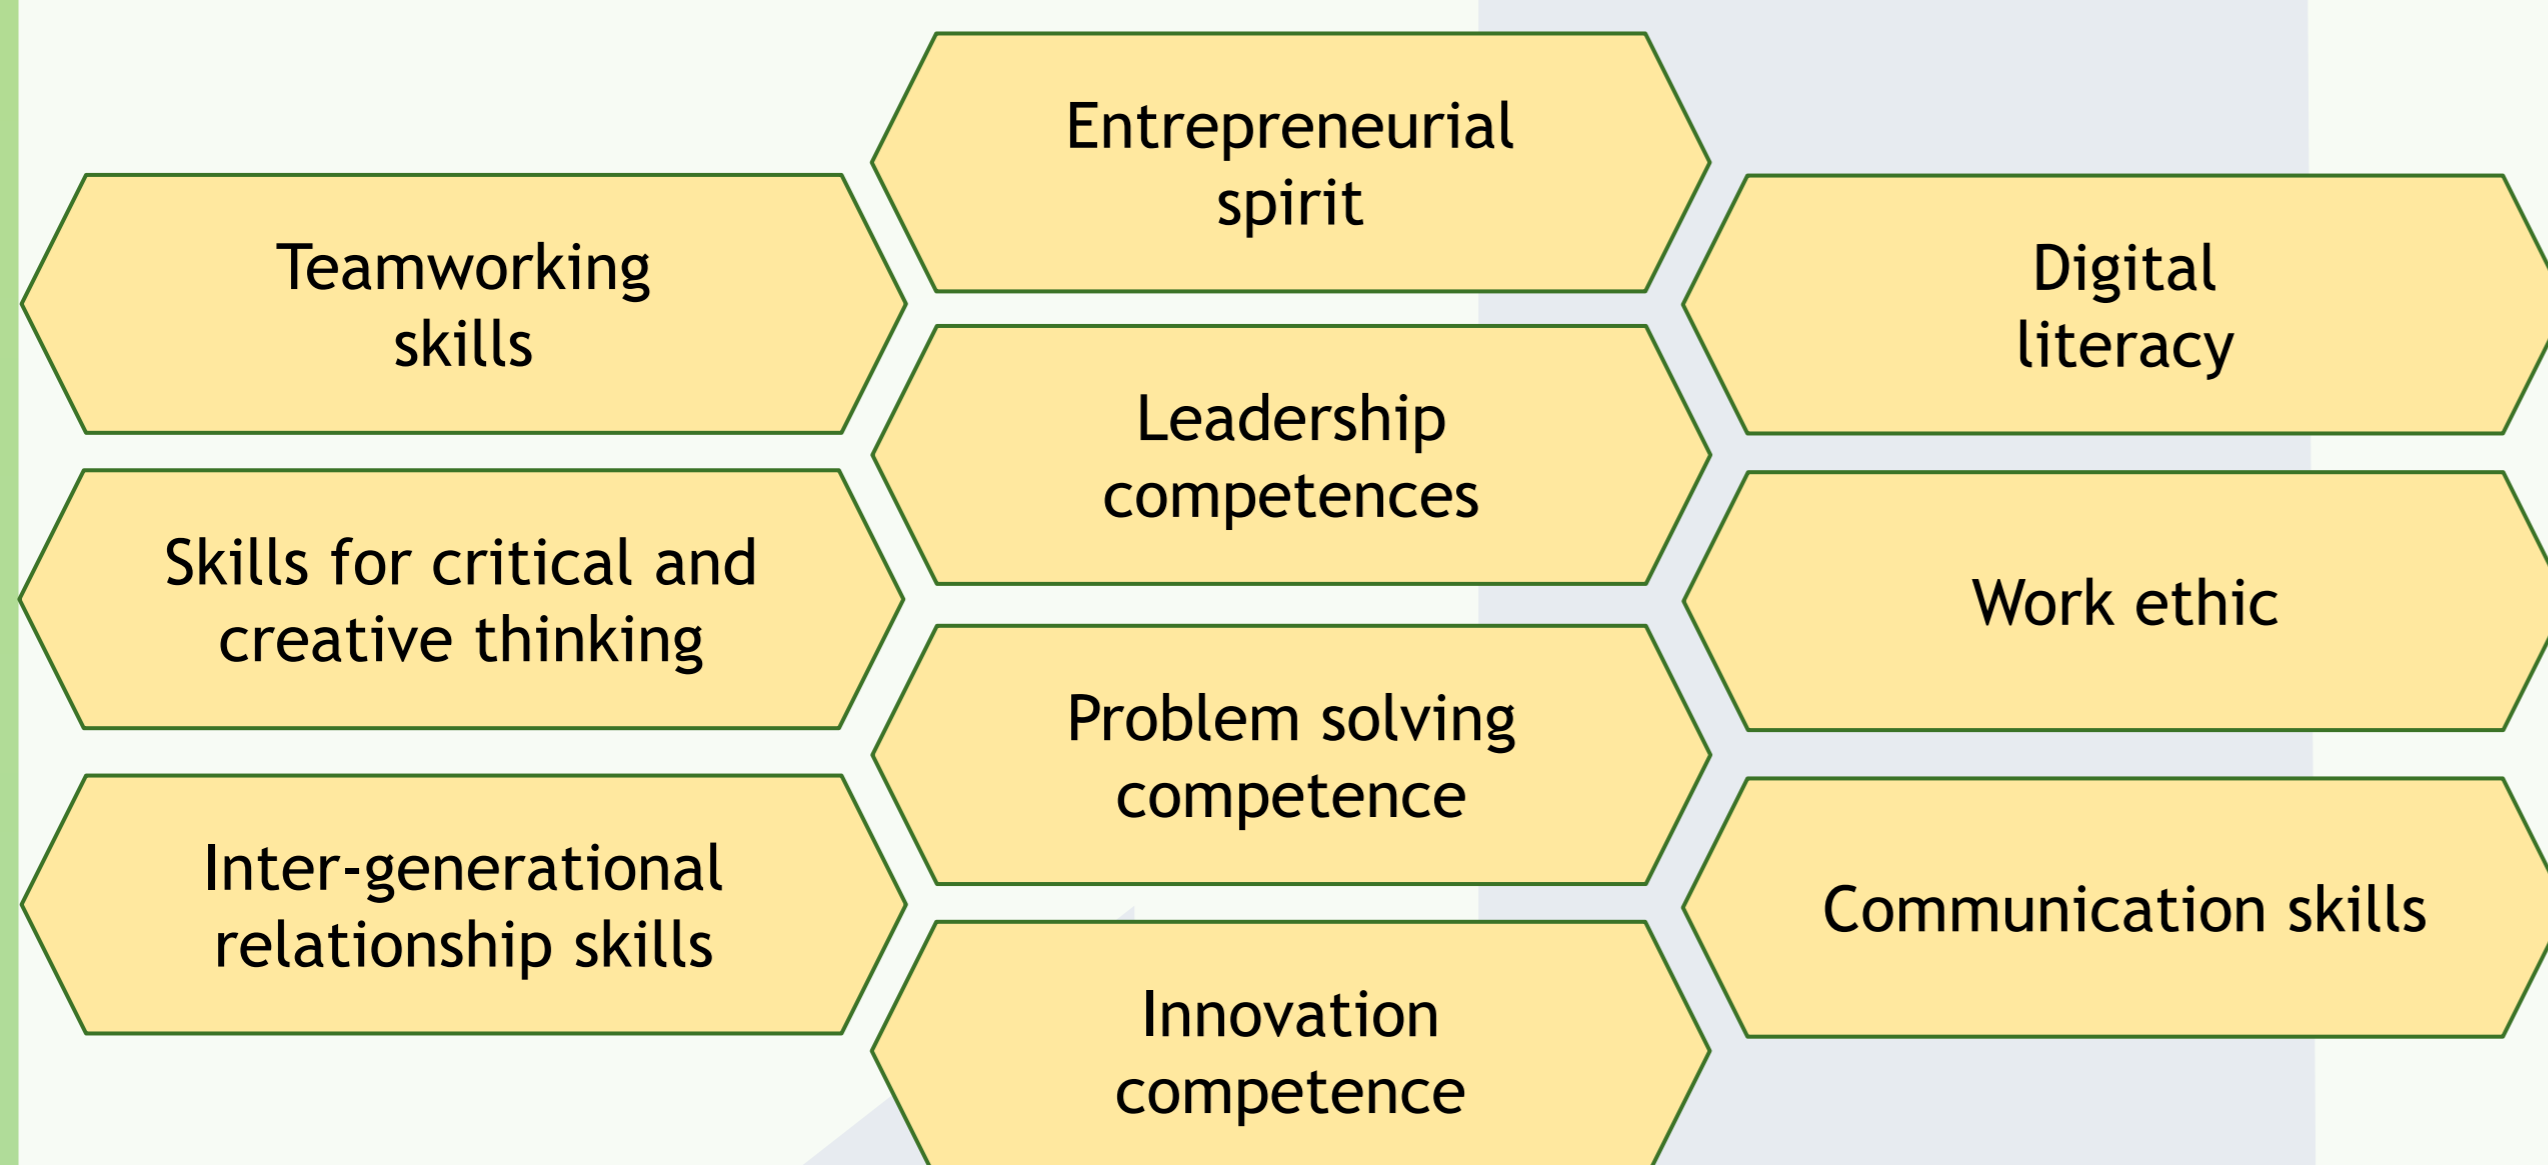

Aims / Objectives

The INTERFACE project aims to **develop the competences of VET teachers and in-company trainers** to support the development of **transversal skills** amongst learners, low-skilled workers and WBL trainees.

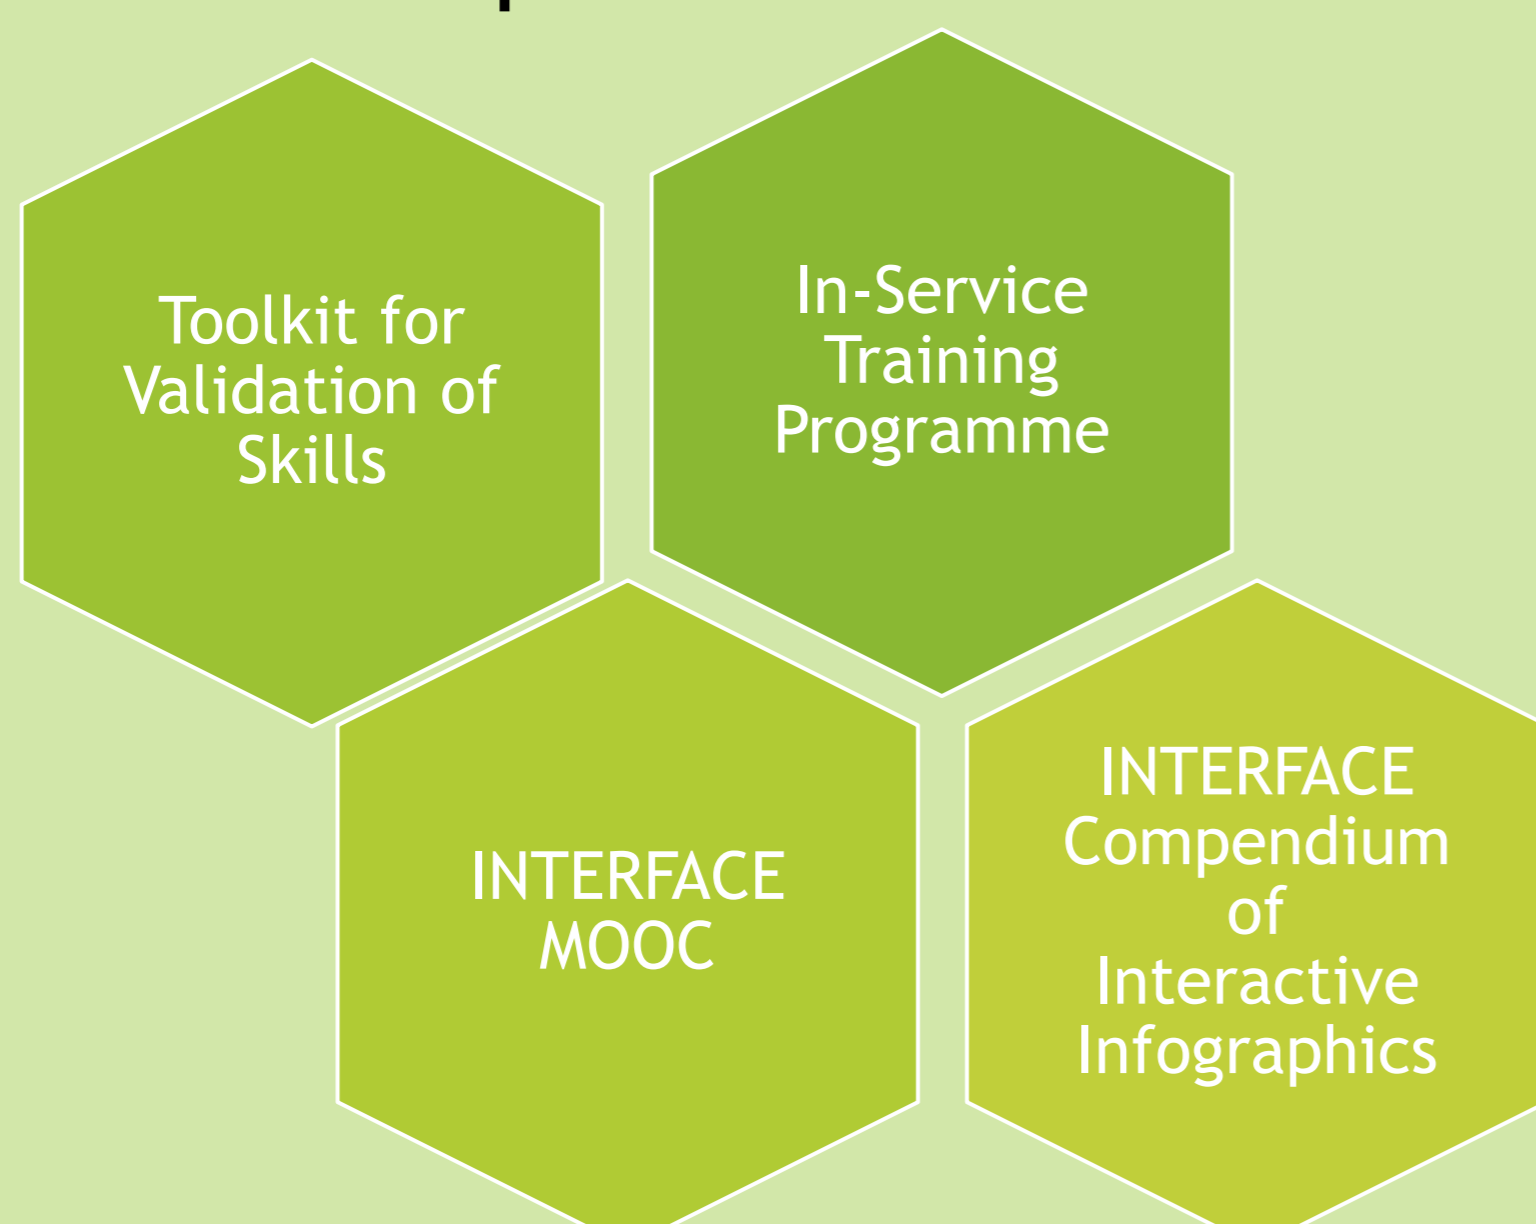

Generally speaking, the approach aims to improve didactics, education and learning in vocational education and training with the help of work-based learning settings.

Transversal Skills

The project focuses on 10 of the most sought after transversal skills by employers namely:

Expected Results

What is cVET and why is it so important?

cVET stands for **Continuing vocational education and training**. Particularly its work-based forms, are important in the current European economic and social context. Trends towards an ageing society, longer working lives, greater generational diversity and increasing globalised competition make it necessary for workers at all levels to update and broaden their skills regularly through cVET.

Organisational Aspects:

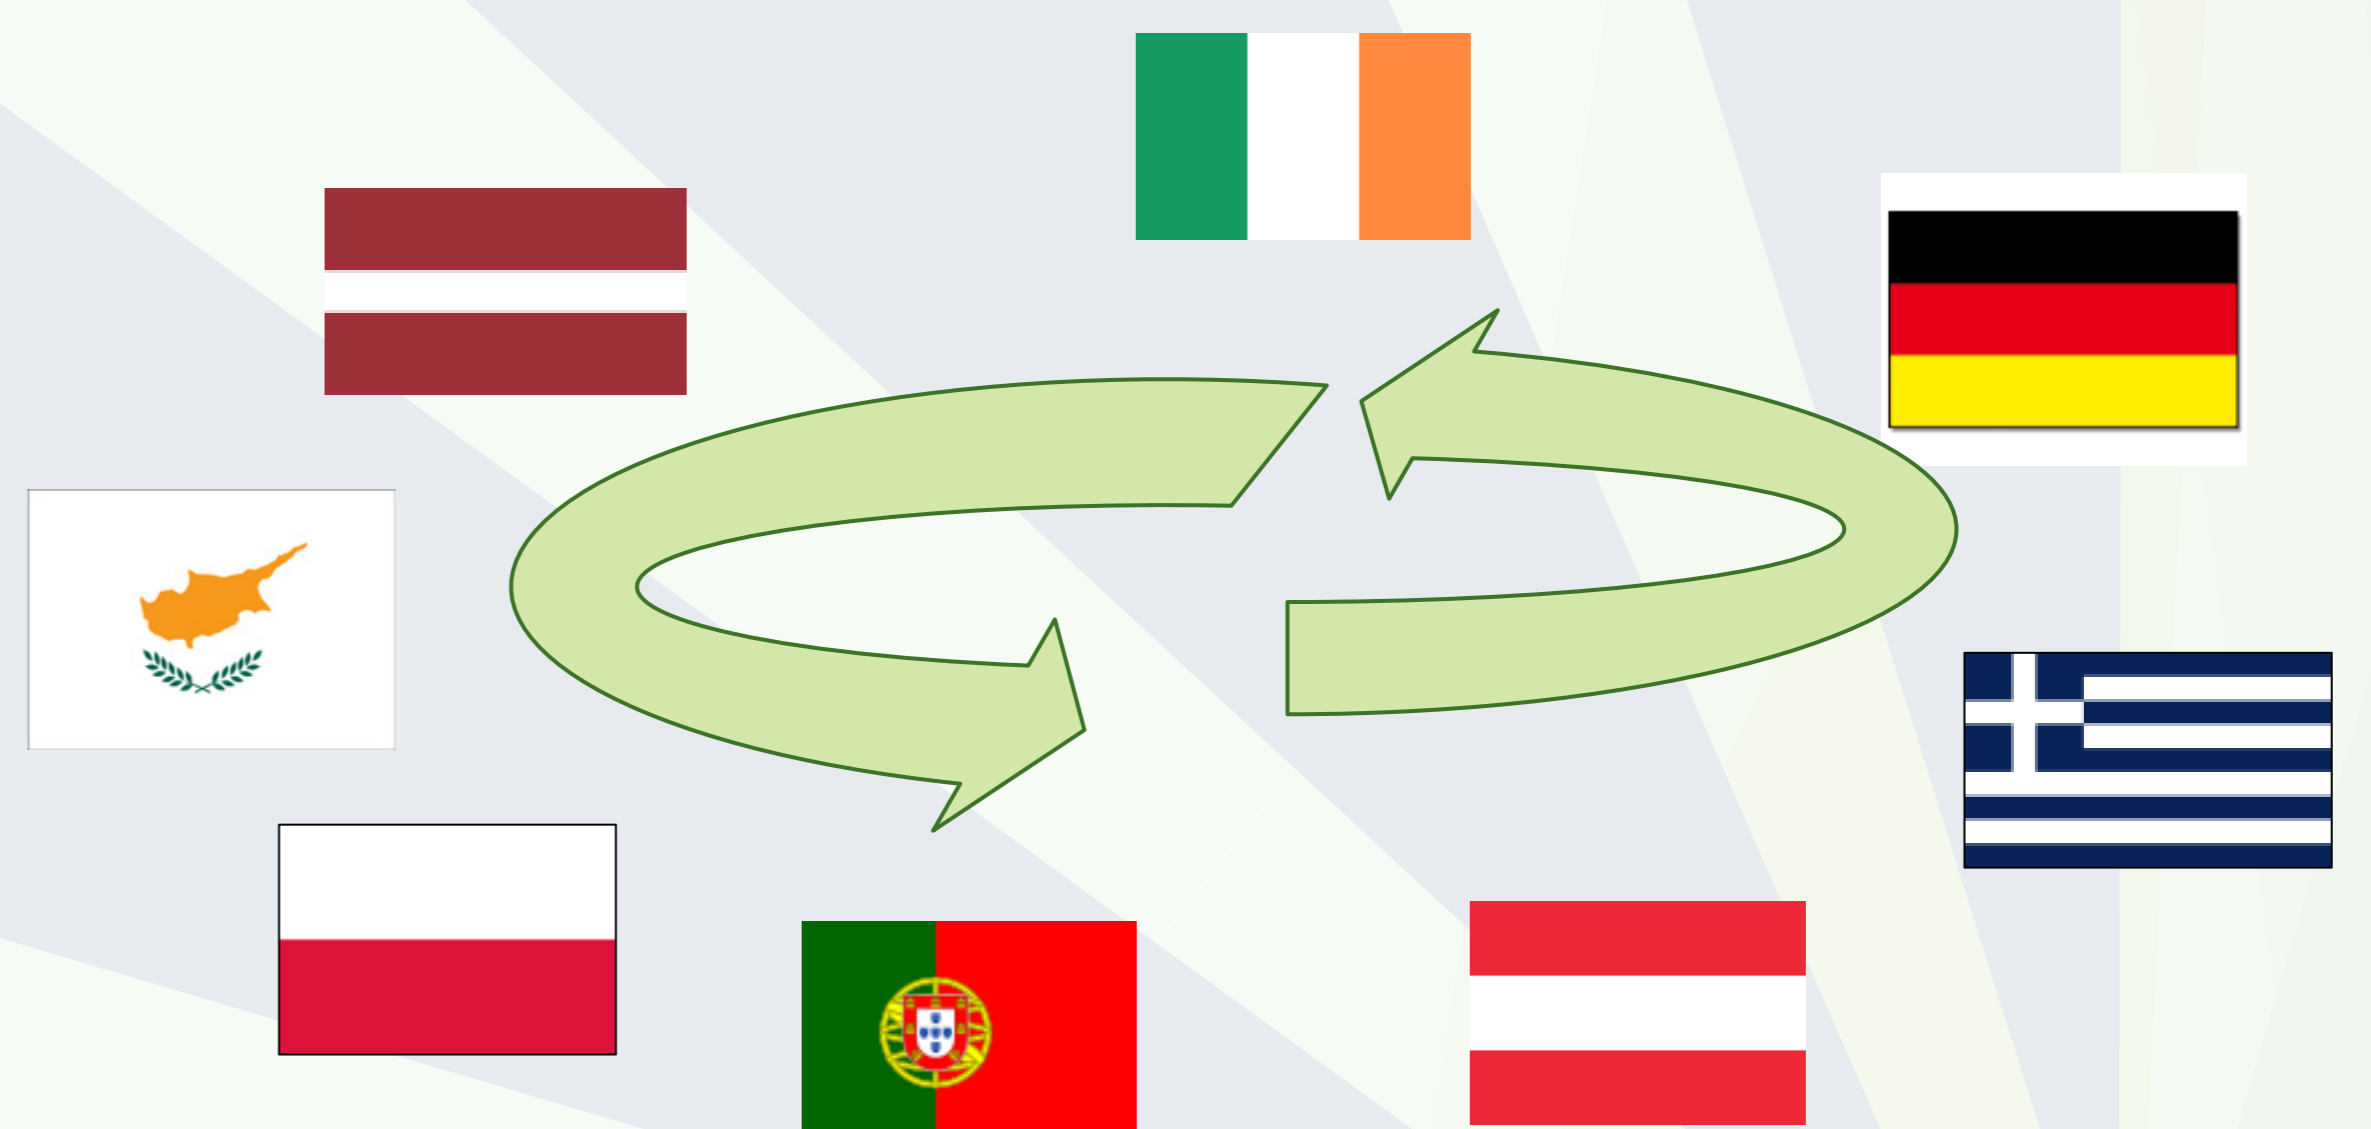

Duration: 24 months
Project start: 31.12.2021
Project end: 30.12.2023
The working language within the project is English.
